For Your Safety and Convenience

At Knott's Berry Farm, we want all of our guests to have a safe and enjoyable day. Every guest has different capabilities and limitations. Guests of extreme size, those with temporary disabilities (such as casts and braces), and certain permanent disabilities (such as neuromuscular disorders, amputations and other disabling conditions) may be prohibited from participating on some attractions for safety reasons. Hand-held infants may not be taken on the park's more aggressive attractions. Expectant mothers and guests with heart or back conditions should be cautious in deciding which attractions to experience.

For your protection, all the attractions here at Knott's Berry Farm incorporate safety systems that are designed by the manufacturer to accommodate people of average physical stature and body proportion. All passenger restraint systems, including lap bars, shoulder harnesses and seatbelts must be positioned and fastened properly to allow guests to ride. Due to rider restraint requirements, guests of exceptional size may not be accommodated on some of our attractions. This may apply, but not be limited to, guests who exceed 6' 2" or those who exceed 250 pounds (some attractions may have lower weight restrictions), have a 45" waistline or 54" chest. Extremely large or small individuals, guests who have a history of heart, back or neck trouble or recent surgery, expectant mothers, guests with casts, braces, restrictive devices or disabilities may be affected by the requirements needed to ensure these systems operate properly.

Our ride admission policy has been developed in consultation with the recommendations of the manufacturer, our past experience, and our evaluation of each attraction using our knowledge of the attraction both in normal and emergency operating conditions. Our prime consideration is the ability of each guest to ensure the dynamics of each attraction without the risk of injury to that guest or other riders. If you would like

WARNING:

Many rides at Knott's Berry Farm are dynamic and thrilling. There are inherent risks in riding any amusement ride, such as high speed, deep drops, sharp turns, or other dynamic forces. For your protection, each ride is rated for its special features. If you choose to ride, you accept these risks. Restrictions for guests of extreme size (height or weight) are posted at certain rides. Guests with disabilities should refer to our Guest Assistance Guide available at Guest Services. Participate responsibly. You should be in good health to ride safely. You know your physical limitations. Knott's Berry Farm does not. If you suspect your health could be at risk for any reason, or you do not appreciate a pre-existing condition of any kind, **DO NOT RIDE!**

LINE JUMPING IS NOT TOLERATED — To permit all guests to enjoy rides as quickly as possible, line jumping is not allowed. Line jumping is defined as cutting in front of other Guests already waiting in line, leaving a line then trying to re-enter the line at the same point, or saving a place for someone. This includes food or drink purchases. If you need to leave a line to use the restroom, be sure to notify an associate. Your line will remain at their current location and not proceed until you return. Line jumping may lead to dismissal from the park. This rule is strictly enforced, with no refunds.

SMOKING — For the convenience of all our Guests, smoking (including e-cigarettes) is allowed in designated smoking areas outside of the park only. Please look for designated smoking location signs or a park associate for assistance.

more rider information, please request a "Guest Assistance Guide" available at Guest Services, located in Ghost Town. We'll be happy to brief you on our ride admission policy and explain how it applies to your specific situation.

Most attractions cannot accommodate strollers, backpacks, cameras, stuffed animals, or bulky objects. Please leave them with a non-riding friend. Ride Operators cannot be responsible for these items. For safety reasons, eating/drinking, taking pictures, videoclipping, and filming while participating on the attractions is prohibited. Headwear is discouraged on most attractions; however, if worn, it must be secured.

KidTrack, a wristband program that will assist you and the park personnel in reuniting your group should you become separated, is available at Guest Services. The Park offers Parent Swap which allows one parent to ride while another parent waits with the child. When the ride is complete, the parents swap child responsibility at the exit.

Rider Height Requirements

For the safety of all park guests, all rides have rider height requirements based on the manufacturer's recommendations. Other appropriate safety requirements may also apply. The ride height requirements are posted at the attraction entrance. Some attractions may require a supervising companion to accompany a guest. A supervising companion is someone who meets all the requirements to ride the ride themselves, is 14 years of age or older and demonstrates appropriate observer behavior.
